## JOIN OUR TEAM!

Having completed their studies Matt and Codie have found full time employment and will be leaving us this month and so we're looking for fresh, enthusiastic faces to join our team.

Matt will be heading back to his university city of Bristol whilst Codie is taking a position at Barnsdale Hotel, near Oakham. They have been a pleasure to work with and we wish them all the best in their new roles.

So, if you're looking for employment locally and think you have what it takes to work in the hospitality sector, either as a seasoned pro or as a change of career, we'd love to hear from you.

We're looking to cover shifts at lunchtime, in the evening and at the weekend. We're happy to work around your other commitments but ask for flexibility in your availability. Being able to work over our busy Christmas and New Year period is essential.

Interested? Email us your CV or drop by the pub for an informal chat.

## ULTRAFAST FIBRE BROADBAND

If you'd frustrated with the speed of your internet connection then there seems to be a means by which the village could be connected to Ultrafast Full Fibre Broadband offering speeds of up to 1Gbps.

# openreach

Applying for a free UK Gigabit voucher from the government's Gigabit Broadband Voucher Scheme and contributing it towards the cost of Ultrafast Full Fibre broadband being extended to the village is the first step towards achieving this goal.

33%

Currently the village is one third of the way to achieving a 1Gbps broadband speed with 43 households and 2 businesses having indicated their support for the scheme.

Visit <https://www.openreach.co.uk/connectmycommunity> for full details and to request your voucher and contribute towards Ultrafast Full Fibre Broadband in the village.

# Just for LAUGHS

I had to explain to my suitcase that we can't afford to go on holiday this year and so it wouldn't be coming out of the loft. Now I've got some emotional baggage to deal with!

## PARISH COUNCIL NEWS

*This content has been provided by Terry Brown, Clerk to Wymondham and Edmondthorpe Parish Council, on behalf of the Council.*

### Parish Council News - September 2023

Alicia Kearns our local MP has recently contacted the Parish Council thus:

Dear Chair,

*Speeding is an issue raised with me regularly by local residents as a major concern within our rural communities.*

*In response to this concern, I have launched a survey to identify speeding hot spots, and I am asking for residents to submit their responses to five questions.*

*This will allow me to map out which villages are most affected and where they are located, making it much easier for me to raise concerns with the appropriate authorities.*

*My Speeding Survey can be found here:  
<https://www.aliciakearns.com/form/speeding-survey>*

Speeding and traffic issues need the attention of everyone so please help.

As always W&E Parish Councillors would be delighted to hear your views on all matters at the next Parish Councils on

Monday 7th August and Monday 2nd October

Finally please be aware that the Parish Council has received notice of:

**COSTON ROAD - GARTHORPE TO BUCKMINSTER ROAD  
COSTON(B676)**

A temporary road closure/30 mph speed restriction/no waiting and no loading order is required starting on Coston Road Garthorpe to Buckminster Road Coston (B676) on 21st August 2023 for 21 days (20:00hrs – 06:00hrs).

## MAHOU LAGER

**Mahou joined Camden Hells, Stella Unfiltered and Forest Road's POSH lagers on the bar at the start of the month.**

At 5.1% it's a deep blond Pils-style lager with a well defined aroma, a hoppy, zesty flavour and lingering finish. Mahou originates in Madrid where it has been synonymous with the city's beer and tapas culture since 1890.

## GIN of the MONTH

Our Gin of the Month for September is **Cotswolds Dry Gin** which we discovered whilst visiting Broadway in August.

Its described as being "a delectable blend of nine carefully-considered botanicals. The expression of the traditional London Gin style comes from the maceration into our pure wheat spirit of juniper, coriander and angelica root which have been left for 24hrs to allow their flavour characteristics to fully infuse. The result is a classic well-balanced juniper-led gin with crisp citrus and spice."

## Faith, Hope and Carnage

by Nick Cave & Sean O'Hagan

Published 2022

"An unusual non-fiction book made up entirely of recorded conversations between Nick Cave and Sean O'Hagan. Nick Cave is a renowned musician. Not just a musician but a singer, songwriter, composer, author and actor. Sean O'Hagan is a music journalist.

The Book deals with Nick Cave's life, love, loss, music and his demons. He is fiercely intelligent, articulate and a deep thinker.

The Australian Cave had a troubled young life being expelled from school at 15. His father was killed in a road accident when Cave was 21. The news of his father's death was broken to him by his mother when she came to collect him from a police station as he was being released on bail for burglary. He felt the loss of his father greatly. It was at a very vulnerable time in his life.

He fell in love with music and played in bands eventually forming Nick Cave and the Bad Seeds. He also fell in love with heroin and was an addict over two decades.

Whilst living in Brighton, England, tragically, in 2015 his 15-year-old son, Arthur, fell from a cliff and died. He was later found to have taken LSD before the fall.

Cave talks powerfully about Arthur's death and the dramatic effect it had on him and his wife. The acute grief he experienced caused him to be physically and mentally

unwell. He was unable to function normally for a long time. Later he returned to the recording studio and with his longtime song writing collaborator he made an album entitled Ghosteen (2019). He talks about the process and the fact that he felt Arthur was a presence when working on it and influenced the outcome.

Nick Cave is no stranger to loss and sadness, he also lost another son who was in this 30s from cancer.

He also discusses a project he conceived and created on the internet called The Red Hand Files. It is a personal blog maintained by him in which he corresponds with fans about many subjects including music and religion. He also invites fans to ask him any personal question they wish and tries to answer to support and assist them. It is an altruistic project and commendable.

This is not an easy read. Not a book that you would romp through but deserves to be read and is an important and beautiful book in many respects.

Nick Cave was awarded the Order of Australia for distinguished service to the performing arts and as a major contributor to the Australian music culture and heritage. He is also a Fellow of the Royal Society of Literature. He has received many awards for his music."

## WYMONDHAM HERITAGE TRAIL

In 2015, the Wymondham & Edmondthorpe Civic Society created the Wymondham Heritage Trail leaflet which offered a guided walk around the village taking in it's historical sites.

Occasionally we'll reproduce excerpts from the leaflet, which is no longer in print.

.....

### STATION MASTERS HOUSE / THE OLD STATION

Walking down the hill from the Windmill, on the right is Station House, which was the station master's house. This looks like a modern bungalow, but is in fact a 19th-century timber building with a modern brick cladding.

Look over the bridge parapet on the left to see the old station, now a private house. The station here was actually called Edmondthorpe and Wymondham and it was once possible to buy a through ticket from here to Wymondham in Norfolk (pronounced 'Windum') though you would have had to have changed trains.

From [geograph.org.uk](http://geograph.org.uk) | Ben Brooksbank

This line was the Midland and Great Northern Joint Railway from Saxby to Bourne. Charles Stansfield Wilson, well known to railway enthusiasts, was the engineer who supervised the works on the line and he lived at a house on Main Street during that time.

The field on the right across the bridge was the goods yard, the large brick building being the goods-shed where produce would be transferred between rail and road with a track going through the bricked up arch. The overgrown remains of the cattle-dock is in front of the shed and the derelict building at the entrance to the yard was the weighbridge.

Whilst not wanting to favour any one accommodation provider over others, we can say we have had visitors to the pub staying at the following local accommodation and all come highly recommended.
